Malcolm X Birth Place

Located in the North Omaha Community, near 34th & Evans Streets.

The Malcolm X Memorial Foundation is a non-profit organization in the Greater Omaha community established to educate through the teachings of Malcolm X's legacy on a local, national and international scale.

We intend to honor this great African-American, this great Omahan, by constructing a memorial at 3448 Pinkney Street, the site of his birth home in Omaha, Nebraska. This land that belonged to the family of one of history's most famous leaders, is now in the care of the Malcolm X Memorial Foundation.

Our founder envisioned a Malcolm X Birth-place International Center, tourist attraction and learning center. She pictured a park, museum and library. She saw people sitting in an outdoor amphitheater and children arriving to study the times, writings, and teachings of a man who urged American born Africans to demand their rights.

ROWENA MOORE - "THEY'LL KNOW I WAS HERE."

Rowena Moore founded the Malcolm X Memorial Foundation in 1971 working alone, using her money to stage events commemorating his birth and death. Her family owned 5 lots including the place of his birth home. By the early 80's, supporters began planning for big things and in 1983 the Foundation was incorporated. A historical

marker was placed in 1987. That same year, with the support of the Shabazz family and Omaha community members, Mrs. Moore purchased the surrounding 10 acres. In this decade we are proud of the strides we've taken and our path will soon allow us to bring our founder's visions to fruition.

Keys To Success...

In past years much has been done to maintain what we have, with some promising improvements. We own 10 acres of land including the former home site of Malcolm X who was born here in Omaha. We are a Federally Exempt non-profit organization. We are taking this organization to National and International status.

We need additional passionate people and young professionals. We need folks with common sense and people who are serious about improving the condition of our communities. Folks who will work and can continue to do so while they wait for the fruits of their labor to come.

-Sharif Z. Liwaru, President.

MALCOLM X BIRTHPLACE AT 3448 PINKNEY STREET

Original Marker: *Malcolm X Memorial Foundation, In Omaha at 3448 Pinkney St., Omaha, Douglas County*

The Malcolm X Memorial Foundation has been honored with taking on the enormous task of erecting the Malcolm X Birth Place. We are calling on all Omahans to join with us in this effort. There are many ways to be supportive and involved.

Donor bricks are being used to pave the landscaped plaza, paths, and the walkway surrounding the Birth Place. The landscaped plaza is a focal point in the ten-acre park surrounding the main plot of the Malcolm X Birth Place where his home once stood. Your US \$100 donation to the donor brick program allows you to contribute to this legacy project that will be enjoyed by generations.

These 4" x 8" Donor Bricks are attractive clay pavers that are

available with three 20 space lines to accommodate your custom-engraved individualized statement. View the "contribute" page on our website (www.malcolmxfoundation.org) and supply your desired message in the space provided. Donors receive a 1" x 3" x 5/8" Mini replica of the brick ordered as well as a map showing the location of your piece of history. An engraved brick is a great way to honor a relative, friend, or recognize a business. Donated pavers will be laid at the Malcolm X Birth Place each time we reach 100 orders.

You may call 1-800-645-9287 (outside of Nebraska) or 402-455-9200 (inside of Nebraska) with any questions.
Thank you for your support!

MXMF BIRTH PLACE CONCEPTUAL DEVELOPMENT PLAN

The re-sculpting of the existing berm to create an amphitheater commemorating the oratory skills of Brother Malcolm X is planned here.

Landscaped plazas with benches overlooking the site along with all weather informational kiosks. All connected with brick paved walkways.

This will be our South entrance on Bedford Street.

Future site of the visitor's welcome center/museum. This is the main entrance to the Birth Place located at Malcolm X Ave. (34th) & Evans streets.

Historical Society marker and recreation of a home foundation is here.

A large play area/green space will occupy this part of the Birth Place until community and international learning facilities are constructed.

PHASE ONE: GREENSPACE

We are developing the 10-acre site of the Malcolm X Birth Place. This site will become a green space, with an outdoor amphitheater, informational kiosks, a walking path, and play areas. It will be open to a wide array of community events for the public. The Malcolm X Birth Place is of national historic significance and will become a significant visitor attraction.

MALCOLM X HAS BEEN AGAIN NOMINATED FOR NEBRASKA'S HALL OF FAME

Malcolm X is nominated as a candidate to the Nebraska Hall of Fame for his relentless efforts to eliminate American racism. He is major catalyst that illuminated the apartheid system existing in the United States of America before and during his lifetime. Bro. Malcolm became an uncompromising leader and champion of social justice who confronted injustice where-ever he found it by raising the consciousness of millions of American citizens. His transitional life demonstrates the merits of redemption, inspired individual self-respect, and promoted self-sufficiency among the down trodden masses of American citizens. This internationally esteemed Nebraskan, a person who over four decades after his death, is still attracting persons from various countries of the world to visit his Nebraska birthplace.

In April 2004, students of the Pine Ridge Job Corp Multicultural Club in Chadron, Nebraska submitted the name of Malcolm X to the Historical Commission's Hall of Fame for consideration. The Pine Ridge Job Corp students, Nebraska State Senator Ernie Chambers, Bro. Malcolm's oldest

daughter Attalah Shabazz, and members of our Foundation all were present in Lincoln to support the nomination. Malcolm's nomination lost on a 3 to 4 tally by the Nebraska Hall of Fame Commission. The Malcolm X Memorial Foundation submitted his name for consideration during this new selection cycle. The successful nomination of Malcolm X will mean he will be the first African-American inducted into the Nebraska Hall of Fame.

FEATURE OF THE MONTH: AMIR SULAIMAN'S SPOKEN WORD CD "DEAD MAN WALKING"

Akin to the urgency, precision, and agility of a liberating foot soldier, Sulaiman's narratives broadcast from America's front lines defining a Black Muslim's quest for

tranquility. His latest opus Dead Man Walking seeks to remedy the general apathy of his generation and awaken hibernating souls. "As a young Muslim Black male in America I feel under attack on many fronts. I can handle being under attack, but it's heartbreaking – at times – to feel as though I have no comrades. Everyone seems oblivious to our war against the Prison Industrial Complex, police, drugs, poverty and the list goes on. And if they

are not oblivious then their concern does not spur them to action. So much of the album is born out of frustration and desperation. I hope to tear back the comforter of apathy and make us own up to ourselves and our responsibility to our people." An ambitious offering, Dead Man Walking is tailored for those who prefer virtue to vice. It's a treasure for those who are trying desperately to live, love, and pursue happiness.

COMMUNITY SUPPORT THROUGH MEMBERSHIPS

Sustaining memberships are major contributors to funding the Malcolm X Memorial Foundation operations. The Foundation recognizes this longer termed commitment, dedication, and generosity on a reciprocal basis. We grant free access to Foundation public events and discount purchases on Foundation products and services. Please consider becoming a sustaining member. Please visit the "Contribute" page of <http://www.malcolmxfoundation.org>.
